RE: BOIL WATER ADVISORY ISSUED TO A PORTION OF THE RM OF STANLEY (DUNSTON) WATER SYSTEM

Dear Dale Toews:

Drinking Water Officer, Michael Akintayo has advised me that the RM of Stanley (Dunston) water system has met all conditions for rescinding the boil water advisory and that bacteriological testing results meet regulatory standards.

I am therefore rescinding the boil water advisory that was placed on the RM of Stanley (Dunston) water system on November 23, 2023.

Please ensure all water users are notified that the advisory has been rescinded and that normal water usage can be resumed. A copy of this letter can be provided as notification. Notices posted in public locations such as washrooms are to be removed.

Should you have any questions, please contact Kale Black, Regional Drinking Water Officer at 204-795-6908.

Sincerely,

Dr. Mahmoud Khodaveisi
Medical Officer of Health
