Hazardous Household Waste Guidelines

Pesticides:

Liquid, solid and aerosol pesticides. The maximum container size is 10 litres. The maximum aerosol container size is 680g / 24oz. To be accepted, the product label must have: The poison symbol (skull and crossbones), the Pest Control Product (PCP) number, the word 'domestic'

Toxics:

Liquid and aerosol products. The product label must show the poison symbol (skull and crossbones) and the word 'danger'. Examples: Automotive additives, furniture stripper, lubricants, tar and bug remover.

Corrosives:

Liquid, solid and aerosol corrosives. The container label must display the corrosive symbol. Examples: Grout cleaner, masonry cleaner, pool and hot tub cleaners, rust remover.

Flammable liquids (including gasoline):

Liquid and aerosol flammables. The container label must display the flammable symbol. Gasoline will be accepted only in a ULC-approved gas can or jerry can. For safety reasons, the gasoline container cannot be returned to you at drop off. Examples: Gasoline, including stale or old gasoline contaminated with oil or water, methanol, paint stripper, paint thinners, paint and varnish remover, turpentine, kerosene.

Physically hazardous products:

Products with a label displays both the flammable symbol and explosive symbol. Examples include non-refillable fuel cylinders such as: Non-refillable butane cylinders, non-refillable camping cylinders, non-refillable propane cylinders.

NOT Accepted Products:

Unidentifiable, unknown, unlabelled, and non-original containers, leaking or improperly sealed products, ammunition, batteries, caulking compound, cleaners (eg. drain opener, bleach), commercial, industrial or agricultural products, cosmetics and health or beauty aids, diesel, drugs, medicines, and medical sharps, fertilizer, insect repellents, disinfectants and pet products, mercury switches, oil/antifreeze, powder forms (solid) of masonry products, cement, grout, mortar, plaster of Paris, refillable propane cylinders, swimming pool chemicals (eg. pucks, pH adjustors), wine and distilled spirits.
