

RM OF STANLEY SHELTERBELT PROGRAM

Working with landowners and producers the RM of Stanley has developed an incentive program to encourage the planning and establishment of effective agricultural shelterbelts within the RM of Stanley.

HOW IT WORKS:

- Landowner submits completed application form to the Municipality
- Applications are reviewed by the Municipality
- Qualifying applications may receive up to \$500.00 per ½ mile of planting
- Only those applications approved by the Municipality prior to planting qualify for financial incentive.
- This program is intended for agricultural shelterbelts on parcels of 40 acres or larger
